

Our policies for Quality, Environmental Protection, Health, and Safety

In order to fully satisfy all customer requirements, minimize our environmental impact, and protect the health and safety of our employees, AviComp adheres to the following policies:

Quality

- We maintain close contact with our partners throughout the entire project.
- Our high-quality performance comes from the competence and strong commitment of our employees.
- We adhere to all applicable requirements, industry standards and best practices.
- We are committed to the continual improvement of our quality management system for our entire organization and all of our employees.

Environment

- In our daily work, we strive to protect the environment as well as to prevent pollution and continuously reduce the environmental impact of our business practices.
- We offer our customers low-energy solutions.
- We comply with and implement all compliance obligations and legal requirements.
- The efficient use and conservation of our natural resources is a top priority in everything we do.
- We are committed to the continual improvement of our environmental management system to enhance environmental performance.

Health and Safety

- The health and safety of employees and partners is of paramount importance to our company.
- The management ensures that employees are provided with training, medical supplies, and all necessary safety equipment.
- Health and safety rules are enforced in our daily work.
- We are committed to the continual improvement of our occupational health and safety management system to enhance an accident-free and healthy work environment.
